Description

Caribbean 2300 delivered in December 2017. This amazing mini game boat is just over a month old but due to a change in circumstances the owner has decided put it on the market. Powered by a 300hp Mercury Verado (custom order white) with extremely low hours and fitted with DTS electronic controls and vessel view 7" display the Caribbean 2300 has a top speed of over 45knots. It has had an extensive fitout with no expense spared with only the best of everything installed. Some of the options fitted to the boat include, Rear boarding platforms, Hard top mounted rocket launcher, Side curtains with zip out openings, Cockpit storm cover, Seat box rear cushions, Reelax reef riggers with 4.5m poles, Raymarine electronics including 2 Axiom pro 9" displays with dual thru hull tilted element chirp transducers, Raymarine VHF radio, Four Reelax rod holders, Salt water deck wash, Clarion stereo system with four speakers and dash mounted remote, Removable cutting board with rod holders, Plumbed up bait tank, LED cockpit flood lights, flush mounted compass and more.

This boat is as new and will be sold with all warranties. With a replacement value of close to \$150,000 it represents excellent buying with the added advantage of being available for immediate delivery. For further information contact Australia's largest Caribbean dealer Sylvania Marina.
