Description

Bertram 35 built in 1983 and powered by twin 255hp Volvo diesels. Very rare mk 1 hull with twin cabin layout. This would be one of the most original and well-kept 35's we have ever seen. Originally sold new by us this boat has only had three owners has always been maintained to the highest level. Some of the options that we fitted to this boat in 1983 are still on board and still working today that shows how well this boat has been cared for. Having spent the majority of its life in Sydney harbour Eagle 3 has only ever been used as a social family boat by all owners and has never fished with the twin Volvo diesels only having 1800 hours use. There is service history available going back over 15 years showing all maintenance and slipping as well as the original owners manuals.

Some of its features include, twin cabin accommodation, electric toilet with separate shower, bimini top with four sided clears, full length cockpit sun awning, trim tabs, remote winch with chain counter, 6.5kva Onan genset, Cockpit and flybridge carpet and more. A rare opportunity to purchase such a well-cared for boat in such fantastic cosmetic and mechanical condition. Boats like this do not come along very often and the first serious 35 Bertram buyer to view this will buy it.
