Description

The new Caribbean 2700 is available in both open sports runabout and flybridge configurations, the Caribbean 2700 is a boat built to suite all needs.

The twin out-board transom of the Caribbean 2700 takes place of the stern drive power plants that power the Caribbean 27. This gives the 2700 an open and uncluttered cockpit with no engine box as in the previous model. As well as the addition of the outboard-well the Caribbean 2700 now has a built in bait tank and transom door, all this adds up to a friendly to use, versatile open layout that is the ideal harbour day boat or offshore fisher.

Price wise the Caribbean 2700 is miles in front of its competitors and is almost half the cost of some imported models. This boat is a winner in all aspects, from its pedigree blue water hull, timeless lines and of course the knowledge and expertise that comes from over 50 years of boat building experience at International Marine.

For more information on the Caribbean 2700 open sports or flybridge model contact Sylvania Marina, Australia's largest and longest serving Caribbean dealer. Pricing is for standard layout open runabout with twin 250hp four stroke outboards.
