Description

Built in 2007 the owner of this Mustang M37 flybridge has spared no expense ensuring the boat has been maintained to the highest standards.

All servicing has been carried out by Cummins factory trained mechanics on an extended warranty service contract and annual anti fouling and polishing have kept the gel coat shining like new!

The Cummins QSB 380 HP diesels have done only 463 hours and with the underwater exhausts provide extremely quiet operation.

The air conditioned saloon has a starboard side leather lounge which converts to double bed with the dinette situated opposite on the port side. The rear galley is well optioned with large 150L fridge /freezer and convection microwave and opening window out to the cockpit.

The Flybridge is equipped with Furuno 10.4" Navnet screen with chart plotter, sounder, 48nm radar, auto pilot, bow thruster, VHF radio, remote spotlight stereo controls and even an ice maker. In recent times the boat has had new flybridge clears fitted, new batteries, new outdoor carpets and was just recently slipped antifouled and polished.
