Description

1988 model powered by twin 61 series 305hp Volvo diesels with only 600 hours. The condition of this boat needs to be seen to be believed. The current owner has not spared any expense on its upkeep maintenance and upgrades. It presents in absolutely stunning condition for its age and would suit the fussiest of buyers. Some of its features and upgrades include, extended hard top over the flybridge, new four sided flybridge clears, Simrad chart plotter/sounder, Raymarine auto pilot, VHF and 27mg radios, flybridge stereo system, new flybridge upholstery, teak cockpit, teak covered marlin board, game poles, rod holders, galley fitted with stone bench top, microwave, two burner cooktop and 12v fridge, full length cockpit sun awning with shade cloth enclosure, windscreen covers, flybridge dash cover, davit and dingy cradle fitted to front deck, 6.5kva Onan gen set, inverter, battery charger, solar charger, cockpit U-Tec fridge, bow thruster, stern thruster, new anchor winch, TV in saloon with digital receiver, TV in front cabin, Lectra San toilet system with holding tank plus loads more. Both engines and gen set have recently been fully serviced with the heat exchangers serviced last year. Boats of this condition and fitted with this amount of options and upgrades do not come along every day and the owner who is upgrading to a larger vessel has priced the boat to sell quickly. A very rare opportunity to own such a well maintained and well fitted-out boat.

Dimensions
